Expedite\_UrgencyToInformText: This request is made in the course of topical and timely coverage of the NRC's recent removal of previously public information from its web site.

As this is an issue currently in the news, and intimately involves the transparency of government operations, this request is urgent and critical to the newsgathering process.

Waiver\_Purpose: This information will be used for newsgathering and newswriting, in an effort to enhance the public understanding of government operations.

Waiver\_ExtentToExtractAnalyze: The records will be an extremely significant portion of coverage of this issue.

Waiver\_SpecificActivityQuals: The records will be used in coverage of circumstances surrounding the NRC's removal of previously public content from it's [www.NRC.GOV](http://www.NRC.GOV) web site. I am an editor at The American River Current, and will be depending heavily on NRC's compliance with applicable regulations [to wit, FOIA] in news coverage.

This coverage will help the public understand the processes that determine the level of transparency with which the government operates. This understanding is critical to an effective democracy.

Waiver\_ImpactPublicUnderstanding: The public will remain unaware of information that they do not have access to, and unaware of this lack of access due to unfamiliarity with the process resulting in lack of access, unless informed by the news media.

Waiver\_NatureOfPublic: In this case, the public consists of a community of roughly 30,000. Primarily college students.

Waiver\_MeansOfDissemination: Newspaper.

Waiver\_FreeToPublicOrFee: Access to information is free to anyone availing themselves of a news stand.

Waiver\_PrivateCommericalInterest: None.

As this request is urgent and time-sensitive, I ask that you communicate with me primarily via email and telephone. I can be faxed at +1.916.484.8668.
